of
NOXIOUS WEED SEED FREE CERTIFIED HAY AND STRAW

KENTUCKY SEED IMPROVEMENT ASSOICATION
3250 Iron Works Pike, Lexington, KY 40511
Phone: (859) 281-1029; Fax: (859) 253-3119; Email: kyseed1@gmail.com

Applicant: _____

Address: _____

Telephone: _____ Cell Number: _____

Field Name or ID	Crop	Acres	Approximate Harvest Date	Certified Seed Production?

Please attach a detailed map or written instructions describing field location. The KSIA office will issue a completed field inspection report after inspection and you, the producer, have notified the inspector or office of the total number of bales harvested.

STORAGE LOCATION

Please describe the building and location where the forage or mulch will be stored.

By submitting this application for field inspection, I agree to follow the standards of the Kentucky Weed Seed Free Certified Forage and Mulch Program. I understand that it is my responsibility as the applicant to so handle certified products that its identity and purity is preserved through all stages of production including harvesting, storing, and labeling. I agree to pay all fees and charges assessed by the association to participate in this program.
